SOCIAL SECURITY ESTIMATE

Effective April 2011, the Social Security Administration suspended issuing the annual paper statements for those younger than age 60. In April, 2014, they reinstated mailings to certain workers who had not yet created a **mySocialSecurity** account to assess their information online. Setting up a **mySocialSecurity** account gives you access to your full Social Security statement, including estimates and earnings history online.

To view and print your Social Security Retirement and Benefit Estimate, follow these simple steps:

- 1.) Go to www.ssa.gov
- 2.) Select "**Retirement Estimator**" from the **BENEFITS** on the top of the page (6th one down) or select "**Retirement Estimator**" from below the moving banner (3rd one over)
- 3.) Read the information on the Retirement Estimator page and click on the link for "**Estimate Your Retirement Benefits**" located in the blue box about half way down the page.
- 4.) Fill in the information on the form that appears about you and click "**Submit**".
- 5.) On the "**Create Your Retirement Benefit Estimate**" page - enter your last year's earnings figure and select "**Next**".
- 6.) Your estimated information will appear on the screen and you can print a formatted version using the "**Print/Save**" option to the right of your estimate.

To view and print your full Social Security statement including earnings history, you will need to set up a **mySocialSecurity** account by following these simple steps:

- 1.) Go to www.ssa.gov
- 2.) Click on "**mySocialSecurity login**" below the moving banner.
- 3.) Click on "**Create an Account**" in the blue box.
- 4.) Check "**I agree to terms of service**" and click "**Next**".
- 5.) Complete information in "**Verify Your Identity**", then click "**Next**".

- 10.) When you finish viewing your information, be certain to "**Sign Out**" on the top left of the page.

This is important information as we meet to prepare for your financial future. Therefore, please be sure to print and bring your Retirement Benefit Estimate with you when we get together.
